February Right of the Month: No Discrimination/Care Plans

You have the right to fair and equal treatment. For example, this means we will not discriminate based on race, color, national origin, age, disability, or sex, or in any other way prohibited by the federal, state or local law. You have the right to choose your own physician, request and be part of care conferences, and say who else you want to be part of those conferences.

CHAPLAIN'S CORNER

Peppermint Patti asks Charlie Brown what love is, and he answers, "A man named Jesus." February is the month many of us focus on love. Doesn't it just warm your heart? I think the reason Jesus is our example of love is because He gave it, He showed it, He proved it. Many times, though, love disappoints us because it's something we expect from someone, instead of something we give.

Bro. Tal

February Right of the Month: No Discrimination/Care Plans

You have the right to fair and equal treatment. For example, this means we will not discriminate based on race, color, national origin, age, disability, or sex, or in any other way prohibited by the federal, state or local law. You have the right to choose your own physician, request and be part of care conferences, and say who else you want to be part of those conferences.

CHAPLAIN'S CORNER

Peppermint Patti asks Charlie Brown what love is, and he answers, "A man named Jesus." February is the month many of us focus on love. Doesn't it just warm your heart? I think the reason Jesus is our example of love is because He gave it, He showed it, He proved it. Many times, though, love disappoints us because it's something we expect from someone, instead of something we give.

February Right of the Month: No Discrimination/Care Plans

You have the right to fair and equal treatment. For example, this means we will not discriminate based on race, color, national origin, age, disability, or sex, or in any other way prohibited by the federal, state or local law. You have the right to choose your own physician, request and be part of care conferences, and say who else you want to be part of those conferences.

CHAPLAIN'S CORNER

Peppermint Patti asks Charlie Brown what love is, and he answers, "A man named Jesus." February is the month many of us focus on love. Doesn't it just warm your heart? I think the reason Jesus is our example of love is because He gave it, He showed it, He proved it. Many times, though, love disappoints us because it's something we expect from someone, instead of something we give.

February Right of the Month: No Discrimination/Care Plans

You have the right to fair and equal treatment. For example, this means we will not discriminate based on race, color, national origin, age, disability, or sex, or in any other way prohibited by the federal, state or local law. You have the right to choose your own physician, request and be part of care conferences, and say who else you want to be part of those conferences.

CHAPLAIN'S CORNER

Peppermint Patti asks Charlie Brown what love is, and he answers, "A man named Jesus." February is the month many of us focus on love. Doesn't it just warm your heart? I think the reason Jesus is our example of love is because He gave it, He showed it, He proved it. Many times, though, love disappoints us because it's something we expect from someone, instead of something we give.

CHAPLAIN'S CORNER

Peppermint Patti asks Charlie Brown what love is, and he answers, "A man named Jesus." February is the month many of us focus on love. Doesn't it just warm your heart? I think the reason Jesus is our example of love is because He gave it, He showed it, He proved it. Many times, though, love disappoints us because it's something we expect from someone, instead of something we give.

February Right of the Month: No Discrimination/Care Plans

You have the right to fair and equal treatment. For example, this means we will not discriminate based on race, color, national origin, age, disability, or sex, or in any other way prohibited by the federal, state or local law. You have the right to choose your own physician, request and be part of care conferences, and say who else you want to be part of those conferences.

CHAPLAIN'S CORNER

Peppermint Patti asks Charlie Brown what love is, and he answers, "A man named Jesus." February is the month many of us focus on love. Doesn't it just warm your heart? I think the reason Jesus is our example of love is because He gave it, He showed it, He proved it. Many times, though, love disappoints us because it's something we expect from someone, instead of something we give.

February Right of the Month: No Discrimination/Care Plans

You have the right to fair and equal treatment. For example, this means we will not discriminate based on race, color, national origin, age, disability, or sex, or in any other way prohibited by the federal, state or local law. You have the right to choose your own physician, request and be part of care conferences, and say who else you want to be part of those conferences.

CHAPLAIN'S CORNER

Peppermint Patti asks Charlie Brown what love is, and he answers, "A man named Jesus." February is the month many of us focus on love. Doesn't it just warm your heart? I think the reason Jesus is our example of love is because He gave it, He showed it, He proved it. Many times, though, love disappoints us because it's something we expect from someone, instead of something we give.

February Right of the Month: No Discrimination/Care Plans

You have the right to fair and equal treatment. For example, this means we will not discriminate based on race, color, national origin, age, disability, or sex, or in any other way prohibited by the federal, state or local law. You have the right to choose your own physician, request and be part of care conferences, and say who else you want to be part of those conferences.

CHAPLAIN'S CORNER

Peppermint Patti asks Charlie Brown what love is, and he answers, "A man named Jesus." February is the month many of us focus on love. Doesn't it just warm your heart? I think the reason Jesus is our example of love is because He gave it, He showed it, He proved it. Many times, though, love disappoints us because it's something we expect from someone, instead of something we give.

CHAPLAIN'S CORNER

Peppermint Patti asks Charlie Brown what love is, and he answers, "A man named Jesus." February is the month many of us focus on love. Doesn't it just warm your heart? I think the reason Jesus is our example of love is because He gave it, He showed it, He proved it. Many times, though, love disappoints us because it's something we expect from someone, instead of something we give.

February Right of the Month: No Discrimination/Care Plans

You have the right to fair and equal treatment. For example, this means we will not discriminate based on race, color, national origin, age, disability, or sex, or in any other way prohibited by the federal, state or local law. You have the right to choose your own physician, request and be part of care conferences, and say who else you want to be part of those conferences.

CHAPLAIN'S CORNER

Peppermint Patti asks Charlie Brown what love is, and he answers, "A man named Jesus." February is the month many of us focus on love. Doesn't it just warm your heart? I think the reason Jesus is our example of love is because He gave it, He showed it, He proved it. Many times, though, love disappoints us because it's something we expect from someone, instead of something we give.

February Right of the Month: No Discrimination/Care Plans

You have the right to fair and equal treatment. For example, this means we will not discriminate based on race, color, national origin, age, disability, or sex, or in any other way prohibited by the federal, state or local law. You have the right to choose your own physician, request and be part of care conferences, and say who else you want to be part of those conferences.

CHAPLAIN'S CORNER

Peppermint Patti asks Charlie Brown what love is, and he answers, "A man named Jesus." February is the month many of us focus on love. Doesn't it just warm your heart? I think the reason Jesus is our example of love is because He gave it, He showed it, He proved it. Many times, though, love disappoints us because it's something we expect from someone, instead of something we give.
